Join us in the Georgia Grown Building to experience Georgia's No. 1 industry as you have never seen it before. We are bringing back all your favorites, including the Georgia Grown Baby Barn, a live birthing center and newborn nursery for farm animals. During the 11-day fair, fairgoers will witness the live births of calves and see newborn piglets.

Visitors will also have the opportunity to view the Faces of Agriculture, shop for locally crafted goodies in the Georgia Grown Pavilion, obtain great new recipes and cooking tips, plus visit Georgia Grown companies from every corner of the state.

And don't forget all the interactive opportunities available for the whole family, including games and a tour of Georgie's Farm! Visitors will not want to miss these one-of-a-kind agricultural experiences. For more information about the Georgia Grown Building, please visit us at www.GGatthefair.com
