PROPOSED IMPROVEMENTS FOR UPDATED WEIGHT ROOM

GOAL
\$150,000
to refurbish
weight room

The current Junior College weight training facility was opened in 2003 to meet the training needs of our student-athletes. The original equipment from that opening is still in use while the number of sports and athletes has increased. GMC now hosts nine intercollegiate athletic teams with over 120 members of the football team alone. This has made it increasingly difficult to create adequate training time for all teams. The lack of updated equipment also limits the full range of potential preparation for student-athletes.

The modernization of the current weight room is long overdue and we are asking for your assistance in fulfilling that vision. **We have a goal of raising \$150,000 to overhaul this training facility and provide an up-to-date training space.** This would include new racks, additional lifting stations, new weight plates and enhancing the facility environment for all Junior College student-athletes. This will give us increased flexibility in training which will lead to even greater success for all sports.

Would you consider a gift to support this vital initiative for this generation of student-athlete leaders? We are specifically asking you as someone who has contributed to the legacy of leadership in Junior College Athletics who has benefitted from these important programs.

A generous donor is offering to match your gift dollar for dollar. Every gift towards this project will have **double the impact!** Each donation will help us reach our goal and makes a difference. In addition, your name will be listed on the donor wall inside the facility for any individual gift of at least \$500.

You can choose to make a gift in several different ways. You can make an online gift using the QR code to left, send a check made out to The GMC Foundation or send a message to a member of our team for follow up. We are ready to discuss options for support to make this project a reality.

Let's work together to provide the best opportunities for growth for GMC student-athletes today. Thank you in advance for your support!

**The GMC Foundation is a non-profit, 501(c)(3) organization.
Contributions are tax-deductible as allowed by law.**
